3 (C)

Name: Hei Ching (1)Date: 28th November, 2022

Write about the animal you choose in about 45 words.

Parrots

Parrots are colourful. They can have a lot of colours. They have ^{a curved beak} ~~two wings~~. They are about 12-100 long. They weigh about 64 gram to 1.6 kilograms.

They live in tropical forests. Some times, they will live in your home. They eat fruits, seeds, nuts, berry, shoots, twigs, etc. They can fly ^(sp) high in the sky and learn to speak. If they ^{are} strong, they can live for one hundred years!

Parrots can be very rewarding pets to the right owners, due to their intelligence and desire to interact with people. That's why we like them. To take care of them, we can place the cage in a good location if you have a parrot at home. If you have no parrot at home, you can protect the environment.

P.3 (C) Name: Hayley (5) Date: 28th November, 2022

Write about the animal you choose in about 45 words.

Kangaroos

Kangaroos are red, grey or light to dark brown with a long tail. They are about 1.8 metres tall. They weigh about 200 lbs.

They live in the deserts ^{and open grasslands}. They eat a variety of plants, including grasses, flowers, fruits and leaves. They can swim and hop.

People like them because they are fantastic animals. To take care of them, we can keep them in zoos or reserves. Besides, we need to protect the natural environment. Also, we should refuse to buy products made from kangaroo.

3 (c) Name: Justin (13) Date: 28th November, 2022

Write about the animal you choose in about 45 words.

Zebras

Zebras are black and white with stripes. They are about two metres tall. They weigh about 400 kilograms.

They live in the grassland. They eat grass and herbs. They can run very fast.

People like them because they are beautiful and no other animals have the same significance in their fur design. To take good care of them, we should protect the environment. Also, we should not feed them with our food in the zoo and don't destroy their habitat.

P.3 (C) Name: Man Sum Wing (22) Date: 28th November, 2022

Write about the animal you choose in about 45 words.

Monkeys

Monkeys are brown or black with long arms and a long tail. They are about one metre tall. They weigh about 35 kilograms.

They live in the forests. They eat bananas. They can swing from tree to tree and climb trees.

People like them because they are clever. They can imitate people's actions. To take good care of them, we should stop feeding the wild animals. We can go to school on foot instead of travelling by cars.

3 (C) Name: Ng Tsz Ki (24) Date: 28th November, 2022

Write about the animal you choose in about 45 words.

Foxes

Most foxes are red. They are about thirty to sixty centimetres long. Adult foxes ^{weigh} about two point two kilograms, baby foxes weigh about two point five ounces.

They live in forested areas, mountains, grasslands and deserts. They eat rabbits, rodents, birds, frogs and earthworms. They can make over 40 different sounds. They can make use of the earth's magnetic field to hunt and they can hear things very well. They can hear a watch ticking from 36 metres away. They can even hear rodents digging underground.

People like them because foxes are beautiful animals, with their delicate faces and bushy tails, but people don't just like them for their good looks. The fox species are intriguing animals, ^{known} for their intelligence, playfulness, and lithe athleticism. To take good care of them, we can create a wildlife habitat garden landscape that naturally provides what foxes need to survive.
