Dear Jack,

How are you getting on? Last weekend, my parents and I visited a restaurant. It is a wonderful restaurant and I would like to recommend it to you.

The restaurant we went to is called "Revolving Sushi". I think it is the best Japanese restaurant in Tsuen Wan. It offers different kinds of Japanese dishes, like salmon sushi, sushi rolls, miso soup and ramen.

The price of the food there is a bit pricey but it is still expensive and affordable to most families. Their food is not only delicious but also terrific. The salmon sushi is yummy and delicious.

Besides, the environment there is relaxing and comfortable. Customers can enjoy their food while they are listening to some gentle and peaceful Japanese music. The staff is polite and friendly. We really enjoyed our dinner that night.

Do you like Japanese food? What is your favourite restaurant? Please write back.

Best,

Akiko

My favourite restaurant is KFC because I am gaining weight recently. This restaurant founded in the United States. It offers different kinds of fried chicken.

It is not expensive at all. I feel very cheap. The food is very high in calories so I think it must be suitable for you to eat. The food there is really yummy. The fried chicken is very oily.
