My hobby

My favourite hobby is cycling.

I like cycling very much in my spare time.

The reasons why I like this hobby are as follows.

Cycling is good for our health. We can do exercise and see the views around us at the same time. Cycling can be done either by ourselves or together with our friends.

If we go cycling with our friends, we can ^{also} increase our friendship.

I enjoy cycling so much because the above mentions are true. Therefore, I always go cycling with my friends at weekends.

Excellent work! Lots of ideas are included!
Well ~~organ~~ organised! Keep it up!
