

Piggy Knight

A long time ago, in a faraway kingdom, there lived a fearless knight. He was as brave as a lion and was also as strong as an ox. The citizens of that kingdom called him 'Piggy Knight'.

On a bright and sunny day, while Piggy Knight was strolling through the woods near the kingdom, he heard someone yelling, 'Help! Piggy Knight! A monster trapped me here. Please come and save me!' Piggy Knight looked up. He discovered that Princess Kelly was shouting for help since she was trapped inside a castle. Piggy Knight murmured, 'I must rescue the poor princess from that dangerous and horrifying monster! I know that there is a wise frog who can solve my problem. I must go and visit him!' He decided to save the princess.

On the way to find the castle, a giant frog suddenly appeared on the road. 'Hello, how can I help you? You seem to be lost in thought,' the giant frog asked. Piggy Knight replied, 'I'm trying to find a wise frog. I think the frog's name is Ben. Do you know him? I've heard that he's very smart. Therefore, I want to get some advice from him.' The giant frog was amused and laughed which made the knight confused. After a while, the giant frog told the knight, 'My name is Ben. I think I'm the frog you're looking for.' Piggy Knight was surprised. Then he asked the frog, 'I want to save Princess Kelly. She is trapped inside a monster's castle. How can I rescue her and defeat the dreadful monster?' The giant frog suggested, 'At the bottom of a glorious lake, there's a super-powerful sword which nobody can wield. The sword was frozen in a very rare and special stone. If you can wield the sword, you can defeat the monster. The lake isn't far from here. I'll give you a map to guide you.' The giant frog gave the knight a map. The knight thanked the frog. Then, the frog wished the knight, 'Break a leg!' After that, Piggy Knight was over the moon and started searching for the lake.

After walking through the leafy forest for a while, Piggy Knight arrived in front of a glamorous lake. He took a look at the map that the clever frog gave him. Then, he murmured, 'Hmm...This must be the place that Ben was talking about.' He took another look at the calm lake and spotted the sword. He thought, 'That must be the mighty sword!' The knight took a step into the lake. However, he quickly stepped back again. 'The water is so deep! I can't walk to the stone to take the sword! To make matters worst, I don't know how to swim! How can I get the dynamic sword then?' The knight was puzzled and pulled a log face. He started walking in circles, trying to find an answer to his question.

Unexpectedly, a brilliant idea came into his head. He thought wisely, 'I can drink all the water in the lake! Then I can get the sword! I'm so clever!' He grinned and got carried away. He took a deep breath and drank all the water in the lake in a minute! After drinking all the water in the lake, he lay on the floor since he was too full. He rested for a while. Then he stood up and made his way through the empty lake to the

middle of the lake. He stepped on the mysterious stone and pulled the sword out with all his might. However, he fell backward with the sword in his hands because he used too much strength to pull the sword out. Piggy Knight holds the sword tightly in his hands. It took him a while to realise what happened and when he dies, he was full of the joys of spring. After that, he spoke to himself, 'Now, I go the forceful swords. I can go to the castle and rescue the young and beautiful princess. Also, I'll defect the cruel monster!'

Before Piggy Knight scampered to the castle as fast as lightning, he used some straws to make a doll that looked like Princess Kelly and put it in his bag. He tiptoed into the castle. He looked around and murmured, 'This creepy castle is enormous! How can I know my way around here? After tiptoeing around the castle severely, he found the monster finally. The monster was heating the oven while his mouth watered. He also spotted a scared princess tied with a rope. 'The monster is preparing everything to eat Princess Kelly!' The brave knight thought. He panicked and walked in front of Princess Kelly and untied the rope. Then, he whispered to Princess Kelly, 'Don't worry, I'm here to rescue you. Keep quiet and hide behind that rock!' The princess shivered while running behind the rock. Meanwhile, Piggy Knight tied the doll that looked like Princess Kelly at the same place where the princess was tied. Next, he grabbed the princess who was hiding behind the rock and ran away with her. Unexpectedly, the princess was tripped over by a tiny stone and fell over. The monster heard the sound. Therefore, Piggy Knight quickly turned around his head and made sure the princess had run away. The monster yelled in anger, 'Piggy Knight, how dare you take away my precious meal! You will pay for this!' The monster rushed over to Piggy Knight and attacked the knight with his sharp claw. The knight swang the sword to the monster and landed a powerful attack on the monster. The princess picked up some stones and threw them at the monster. 'I'll help, too!' cried the princess. Then, the fearful monster used his fire breath on the princess. Luckily, the princess dodged in the nick of time. The princess was frightened and hid behind the huge rock while the knight and the monster fought fiercely.

Piggy Knight and the monster fought intensely. They fought for a very long time, so long that the princess fell asleep behind the rock. Piggy Knight and the monster did not give up and fought with all their might. Suddenly, Piggy Knight's sword glowed brightly and blew the monster to a corner. Piggy Knight rushed to the monster and pointed his sword at the monster. The monster begged, 'Please don't kill me! I'm lonely and I have read a book telling me that if I'm lonely, I should eat a princess. But now, I know that it is wrong. Can you forgive me?' The knight looked into the monster's eyes and saw that he meant it. Therefore, he answered, 'Sure.' The monster was over the moon and danced with joy. Just at that time, the princess woke up and came out from behind the rock. The monster swiftly apologized to the princess. The princess kindly forgave the guilty monster and they became friends. Princess Kelly was proud of the knight's bravery and thanked him. Princess Kelly also agreed to marry the knight. Therefore, Piggy Knight became the king of the kingdom. Piggy Knight and Princess Kelly lived happily ever after.

The story tells us that we should always help people in need. Then, we could have a joyful life.

Piggy Knight

A long time ago, there was a knight called Piggy Knight. He was as brave as a lion and as wise as an owl. Also, he was loyal to his county. One day, the weather was sunny and wonderful. While the knight was walking towards a castle, he heard someone screaming. It was Princess Kelly. She was young and as pretty as a flower. The princess yelled, 'Help! Help! A monster caught me and I am trapped in the castle. 'Then, Piggy Knight shouted, 'I will come to rescue you but please wait for me.'

On the way to the castle, Piggy Knight met a giant frog who was ugly but wise. He asked the giant frog, 'The poor princess is trapped by a horrifying monster. Can you please tell me how I can kill the monster and save the princess?' The giant frog replied, 'Long time ago, a king had a powerful and magic sword. However, that sword was frozen in a stone at the bottom of a lake after the king was dead. No one could pull the sword out of the stone. If you can get the sword, you may defeat the monster and save the princess. 'After that, the knight thanked the frog and he made his move to the lake immediately. However, the knight knew that it was not easy to rescue the princess because the monster was fierce and dangerous. He was worried.

At last, Piggy Knight found the powerful sword but that sword was in the stone at the bottom of the lake. He was puzzled because the lake was too deep for him to get the sword. After a while, he had a crazy idea and he wanted to use his piggy nose to suck all the water. He stood tightly and took a deep breath and started to suck as much water as he could. After one hour, all the water was gone. Now, he stepped into the lake and he used all his power to pull out the sword from the stone. Finally, he got the sword and he was energized and as strong as a bear. He was ready to rescue the princess. He whispered to himself, 'My dear princess, please wait for me and I am on my way.'

Then, Piggy Knight rushed back to the castle. When he arrived at the castle, he didn't want to make any noise to wake up the mouse. Inside the castle, there were a lot of traps. Therefore, Piggy Knight was frightened. However, he had no choices but he walked straight ahead to the princess carefully. Luckily, he passed all the traps successfully and he rescued the princess. While they were running out of the castle, the monster suddenly popped up in front of them and shouted at them. Princess Kelly was scared and she yelled. Then, Piggy Knight pulled out the powerful sword immediately and he fought with the monster.

When Piggy Knight pulled out the sword, the monster got blinded by the brightness of the sword and it could not see anything at all. Within seconds, Piggy Knight killed the monster with his shiny and powerful sword. The monster was gone and it disappeared in the air finally. Piggy Knight and Princess Kelly were excited and they hugged each other. The princess said, 'Thank you, my dear.' Piggy Knight replied gently, 'It is my honour.' Piggy Knight continued, 'Will you marry me?' The princess answered with a smile, 'Yes, my dear.' Last of all, they got married and they had a joyful life.
